Managerial Economics - testbank360.eu

Managerial economics deals with the application of the economic concepts, theories, tools, and methodologies to solve practical problems in a business . in other words we can say that managerial economic is the combination of economic theory and managerial theory. It helps the manager in decision making and acts as a link between practice and theory".

Managerial economics - Wikipedia

In today's managerial world, it's critical that students learn how to make strategic economic decisions. The seventh edition of Managerial Economics is the most current text available, encouraging students to see beyond the equations and graphs to the general precepts, such as marginal analysis and backward induction. Its new content draws on dozens of contemporary case studies, inviting ...
