Although the price of new plants in China is falling rapidly, approaching \$1500/kW (or about a fifth of the cost of some plants currently being built in Europe), John Quiggin, an economics professor, maintains that the main problem with the nuclear option is that it is not economically viable. Professor of science and technology Ian Lowe has also challenged the economics of nuclear power.

Your behavior while attending church is different from your behavior while hanging out in the back yard with friends, or at least we hope it is. And part of that difference is the difference in language, a difference not just in the words we use but in what we call tone. We also recall being told, when we were very young, not to "use that tone of voice with me, Mister (or Missy, as the case may ...
