Staff and line are names given to different types of functions in organizations. A "line function" is one that directly advances an organization in its core work. This always includes production and sales, and sometimes also marketing. A "staff function" supports the organization with specialized advisory and support functions.

Staff and line - Wikipedia

Preparation for the CNML exam is a combination of knowledge and application of knowledge. The following sources are just a few of the possible references available to give an overview of nursing management. We also suggest you refer to current journal articles to see how that knowledge is applied.
