MG MGF (1995 - 2002) - Buying an MGTF. I am looking to purchase an MGTF either 1996 or 1999, 1.8 petrol engine, soft-top. Does anybody have any points and advice as to what to look for, potential problems, questions to ask. I understand that the headgasket needs to be checked and if possible replaced on occasions, is there anything else I should be asking about?

These funsters are fitted with free-revving engines located behind the rear seats to give balanced handling and confident roadholding. The F had a hydra-gas suspension set up that has been replaced with more conventional springs and dampers on the TF. This allows a more sporting feel, but at the expense of ride quality which is better on the older car. The VVC engine is the pick of the range ...

MG drop-tops have always been cool, and the TF is no exception. It possesses a genuine sporting edge and sticks to doing the basics well while retaining more charisma than the Japanese competition. The badge also offers some protection against accusations of 'hairstylist's wagon' that are sometimes thrown at cars of this type.
