Writing notes is one of the basic activities that medical students, residents, and physicians perform. Whether it is a detailed pediatric SOAP note or a brief surgery SOAP note, this is how we communicate with each other, now and for future reference. Someone may need to read your note months or even years from now, so you want to make sure your note is written well.

etc. 3.7. Don't Take Notes on a Computer By the way, I do not recommend taking notes on a laptop computer during class. Certainly you should not do this unless you are a very good typist and have "compiled" your word-processing or text-editing program into your fingertips. (In any case, typing can be very noisy and disturbing to your fellow students!)
