Definition. Marketing is defined by the American Marketing Association as "the activity, set of institutions, and processes for creating, communicating, delivering, and exchanging offerings that have value for customers, clients, partners, and society at large." The term developed from the original meaning which referred literally to going to market with goods for sale. From a sales process ...

The topic of servitization has generated a considerable body of research and many conferences, as well as industry engagement. Yet, despite the extensive literature associated with this now-mature discipline, there is no broad-based consensus on the core concepts and definitions deployed by servitization scholars, and both terminology and usage often seem ambiguous.

Servitization and deservitization: Overview, concepts, and ...

Learn how you can benefit from the convergence of the Aras Requirements Engineering application and its PLM platform. Specifically how: • PLM platform services provide formal services for managing requirements configurations • Requirements can be reused and revision-controlled individually or as a group • Document content can be presented as a single contiguous, formatted, and editable ...
