In bookkeeping, accounting, and finance, Net sales are operating revenues earned by a company for selling its products or rendering its services. Also referred to as revenue, they are reported directly on the income statement as Sales or Net sales.. In financial ratios that use income statement sales values, "sales" refers to net sales, not gross sales. ...

In accounting, book value is the value of an asset according to its balance sheet account balance. For assets, the value is based on the original cost of the asset less any depreciation, amortization or impairment costs made against the asset. Traditionally, a company's book value is its total assets minus intangible assets and liabilities. However, in practice, depending on the source of the ...

This is a fascinating document of the public debate on the Dixie School name change debate. It really gives you a flavor of the debate on both sides. It should be noted that the real issue was if the name "Dixie" is racist. None of my neighbors have any association with the South or the Confederacy but simply associate it with education excellence.
