Aurelio cut the engine in front of the concrete block house. Le Corbusier's shoebox, she always called it. A house looking like every other one on the street, except for the two crossed oars painted above the front door.

Casa de Jacinta / Jacinta de la Casa - SCP Foundation

Software upgrade versioning is the process of assigning either unique version names or unique version numbers to unique states of computer software. Within a given version number category (major, minor), these numbers are generally assigned in increasing order and correspond to new developments in the software.

Software versioning - Wikipedia
