The lucky block mod is an interesting but potentially devastating add-on to Minecraft. It adds a new block to the game that looks like a Mario '?' block and once broken has a chance of spawning something good or something awful.

Lucky Block Mod | Minecraft Mods

Even if you might not expect lottery to appear in a game like Minecraft, it seems that a developer already thought of such a thing and he managed to add the Lucky Block Mod into the game! What this mod does is that it allows you to acquire a wide range of items, of course if you do find the lucky block and mine it. Finding this block might not be as simple as you would expect, but it does come ...
