Break through to improving results with Pearson's MyLab & Mastering. We're working with educators and institutions to improve results for students everywhere.

MyLab & Mastering | Pearson

Honesty On each exam day I am going to give you two examinations, one in chemistry and one in honesty. I hope you will pass them both, but if you must fail one, let it be chemistry, for there are many good people in this world today who cannot pass an examination in chemistry, but there are no good people in the world who cannot pass an examination in honesty.

General Chemistry II - unf.edu

Small birds can migrate over long distances without feeding, storing energy mostly as fat rather than carbohydrate. Fat is a good form of energy storage because it provides the most energy per unit mass: 1 gram of fat provides about 9.4 (food) Calories, compared to 4.2 (food) Calories per 1 gram of carbohydrate.

Chemical Names and Formulas (Chapter 4) Learning to write correct formulas and the corresponding names of compounds is an essential skill in chemistry, which can take a lot of practice to master. We will also learn two ways to communicate the composition of a compound: percent composition and empirical formulas.
