Let's face it, exams can be a little hard to tackle if you have not had an adequate revision of the topics covered. One way to tackle cold feet when it comes to an exam is to go through practice tests. Are you studying for the CCMA finals that are just around the corner? If so take up this practice test and see how good you might do.

You have probably encountered active recall testing in your school years without even realizing it. When good teachers give you a series of questions to answer after reading an article, or make you take weekly progress-check tests, they are not doing it simply to see if you understood the material or not.
