Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

Accounting - Wikipedia

During 20X4 and thereafter, the stated dividend of \$8 measured against the carrying amount of \$100 18 would reflect dividend cost of 8%, the market rate at time of issuance.. The staff believes that existing authoritative literature, while not explicitly addressing increasing rate preferred stocks, implicitly calls for the accounting described in this bulletin.
