iRubric: Math Journal Grading Rubric - D7B923: RCampus

To begin our lesson, I ask the students to bring their math reflection journals to the community area. When they are assembled, I show them a math journal rubric and discuss the criteria for a proficient third grade mathematical entry. I then place different entries from my last year's class up to see if we can score them using the rubric.

keep copies of the rubric, and teachers can put up a large rubric chart on the wall so that students can refer to it as they wish. • Teachers can start an Exemplars journal to help them document their

personal experiences as they learn to use Exemplars. • Students can record their “math thinking” in journals while solving Exemplars tasks.

We Set the Standards! - Exemplars

The subject of my action research is what effect creating standards- based grading rubrics have on my students understanding of math concepts, as well as my ability to better accommodate their needs. I decided to develop a rubric to go with each quiz, mid-chapter check point and chapter test that corresponds to the objectives taught during lessons.

Standards-Based Grading Rubrics in Elementary Mathematics

This is why I use rubrics & self assessments during my project-based learning activities! Using Rubrics. When I complete my project-based learning activities with a class, we are working to learn or practice specific standards. A rubric allows me to grade their understanding of a particular standard in a real-life situation.
